

Virtual PRME Global Forum 2021

**Accelerating the Collective Impact of Management Education** in the Decade of Action

*Call for PRME Community proposal for 17 June sessions:*

We are very pleased to invite proposals for inspiring sessions at the Virtual PRME Global Forum 2021. We invite 55-minute sessions of panels, training, discussions, global café and other engaging formats that will allow for a stimulating debate related to this year's theme on 'Accelerating the Collective Impact of Management Education in the Decade of Action'

We invite two-page proposals (max 1,000 words) with a clear **title** of the session, names, titles and affiliation of organizer, panelists and/or debaters. Describe (1) the **purpose** of the session, (2) the **problem or challenge** it addresses and (3) the **relevance** of addressing the problem as well as (4) what the session will **accomplish**. We ask you to also explain how your session strives to **respect diversity** and include different voices. Please, also provide an approximate timeline for how you envision to spend the 55 minutes.

We look very much forward to receiving your proposals to [globalforum@unprme.org](mailto:globalforum@unprme.org) no later than 15 March.
