PRME World Tour Research Paper Development Program 2022-2024

PRME France-Benelux Chapter Meeting

Call for papers

The PRME World Tour Research Paper Development Program is a partnership between PRME and two of the world’s leading international journals in the responsible management and business-in-society fields, Business & Society and Journal of Business Ethics, with the support of colleagues working with a number of other journals. PRME Regional Chapters are organizing research paper development workshops during the 2022-2024 period, led by former co-editor for Business & Society and Professor of Business & Society at University of Bath (UK), Andrew Crane.

The central idea is to provide a different kind of support to scholars in bringing research to publication, as part of the fields’ commitment to relevant and timely research insights that advance responsible management and sustainable development around the world. Its driving purpose is to move further towards equality of access and voice in our journals through recognising and developing under-represented themes, regional voices, and epistemologies/ontologies.

The PRME France-Benelux Chapter is an early stage participant in this initiative. This workshop also recognizes and celebrates the strength and depth of our research by mobilising colleagues to contribute to this development. Our Chapter is pleased to co-host this workshop as part of this year’s annual chapter meeting, organized in collaboration with Scott Taylor (Development Editor, Journal of Business Ethics) and Frank de Bakker (Co-Editor, Business & Society).

SUBMISSION GUIDELINES

To apply to the workshop, please submit a ‘work in progress’ paper. Please indicate in your submission how close to submission your manuscript is, and your target journal(s). We welcome empirical papers of all kinds (quantitative, qualitative, or mixed methods) and theoretical or conceptual work of any variety.

The working paper must be between 4,000 and 10,000 words, including references, double line spaced. These will not be reviewed blind, so please include a cover page with authors’ identification (names, institutions, ORCID) and any brief notes a mentor would appreciate knowing.

Accepted papers will be in the broad field of responsible management. If we receive a big number of submissions, we will prioritise according to potential for publication and originality. At least one author must be currently working in a PRME France-Benelux Chapter member institution.

The workshop will be run in English and all participants with accepted papers must be available for full commitment to the event on the scheduled day.

Deadline for submission: August 31st, 2022. Please submit your work in progress to PRMEWTR2022_FrBenelux@icn-artem.com with the message title “PRME World Tour Research Paper Development Program France-Benelux”.

The authors of submitted papers will be notified by September 14th, 2022.
