# why PRME Pedagogy?

## teach with purpose

these sessions help you move beyond theory. you'll learn how to support students' holistic skill development—*not as an add-on*, but as the *backbone* of responsible management education.

## gain practical tools

PRME workshops are hands-on and engaging. they're not just about frameworks—they're about *how* you design experiences that build critical thinking, collaboration, self-directed learning and more.

## get certified

want to show that you're leading the way in innovative, skills-based responsible management education?

the **Certificate of Practice** shows you're committed to the implementation of innovative teaching approaches by you or your faculty.

the **Certificate of Excellence** demonstrates that you can implement and assess how skills development happens for your students.

## shape the future

help transform business education. students are demanding more relevance, more inclusion, and more purpose. this is your chance to meet that moment—with support, resources, and fresh ideas.
