

As part of the PRME community, we would greatly appreciate your support on the two new PRME-affiliated journals by joining our reviewer community. Both the *Journal of Responsible Management Education* (JRME) and *AI in Responsible Management* (AIRM) are looking for reviewers.

To register as a reviewer, we would invite you to create an account on the ScholarOne site for the journal you would like to support and complete your areas of expertise. These keywords will be used by the editors when selecting reviewers for relevant submissions. Once you have created your account, please contact the relevant publisher so they can ensure your account is set up correctly, and you can be invited for relevant, upcoming reviews.
