Now Available: PRME Global Insights Report

To mark the International Day of Education, PRME released the Global Insights Report—our first global, evidence-based snapshot of how responsible management education is advancing across 100+ institutions.

Drawing on Sharing Information on Progress (SIP) reports from PRME Signatories, the report highlights shared priorities, emerging practices, and opportunities for learning and continuous improvement.

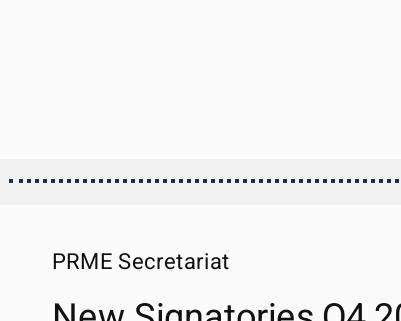

We [invite your feedback](#) to help strengthen SIP analysis, inform future reporting, and support sustained global impact across the PRME community.

Insights from the 2026 World Economic Forum Annual Meeting

As the official United Nations Global Compact delegation at the 2026 World Economic Forum (WEF) Annual Meeting, PRME hosted a session that underscored a powerful message: every system we hope to change will ultimately be shaped by the young people we choose to support today.

At the [TPC \(Tsao Pao Chee\)](#) House, as part of the Davos Accredited Series East-West Bridges, PRME also joined a session exploring how education rooted in values, consciousness, and systems thinking can cultivate regenerative leaders who are capable of reshaping, not just navigating, today's broken systems.
