

BECOME A CHAMPION INSTITUTION FOR PRME

Contribute to thought and action leadership on responsible management education & the SDGs

PRME CHAMPIONS 2024 – 2025

APPLY BY 5 DECEMBER 2023

PRME TIME

Join the 2024–2025 PRME Champions Cohort!

Don't miss your opportunity to develop as an institution and raise its commitment to the Principles for Responsible Management Education to the next level as a member of the next PRME Champions cohort.

- Work collaboratively to transform management education in five key areas: curricula, research, educational frameworks, sustainability-based partnerships, and thought leadership.
- Serve the broader PRME community through active engagement with existing PRME Chapters, PRME Working Groups, and other global opportunities.
- Contribute to broader UN goals and issues to realize the SDGs.

Contribute to thought and action leadership on responsible management education and the SDGs and apply today. Submissions will be evaluated by the PRME Secretariat and, if necessary, will rely on the advisory assistance of the PRME Board and PRME Chapter Chairs.

Chapter Spotlight

PRME CHAPTER C&E EUROPE

PRME CHAPTER EURASIA

The 31st CEEMAN Annual Conference entitled "Leadership for a Sustainable World" was hosted at Almaty Management University (AlmaU) on 20-22 September with many contributions by individuals from PRME Chapters Central and Eastern Europe (CEE) and Eurasia steering committees.

This prestigious event brought together approximately 120 participants from 25 countries, including Kazakhstan, Uzbekistan, Kirgizstan, and India. Among the attendees were academics, deans, presidents, and business leaders. The conference received accolades for its outstanding content, quality of speakers, and the depth of the topics discussed. Participants cherished the opportunity to reconnect in person, sense the commitment and passion of the CEEMAN network, and experience the unique atmosphere of Almaty and the warm hospitality of the Kazakh people. Many participants hailed it as the best program to date and a great example of collaboration between CEE and Eurasia.

i5 Introduction Workshops

*Organized by: PRME Secretariat*

The PRME Secretariat is now offering a new series of community training workshops for PRME Signatory Members that aim to reimagine the way education is approached. Each workshop covers the same content, but we are offering various sessions to reach our global community.

This is a remarkable opportunity for PRME Signatory members to elevate their teaching practices and advance their institution's commitment to responsible management education.

Climate Literacy Training for Business Schools (CLT4BS)

*Organized by: PRME Working Group on Climate Change and Environment*

The PRME Climate Literacy Training June/July 2023 edition was completed on 20 July with a cohort of over 70 learners! Thank you to the participants, dedicated facilitators from around the world, and trainer Prof. Petra Molthan-Hill (Nottingham Trent University), Co-Chair of the PRME Working Group on Climate Change and the Environment.

The CLT4BS was developed by Nottingham Business School, Nottingham Trent University (UK) in collaboration with the PRME Champions, the PRME Working Group on Climate Change and the Environment, oikos International, and the Carbon Literacy Project. Please register for the upcoming training for a chance to become certified carbon literate!

Integrity Talk: Uniting Leaders for Business Integrity as UNCAC turns 20

*Organized by: PRME Working Group on Anti-Corruption*

Join this Integrity Talk exploring the UN's role in shaping the future of business integrity with Cristina Ritter, Head of Anti-Corruption and Governance at United Nations Global Compact.

The UN Convention Against Corruption (UNCAC) is celebrating its 20th anniversary, and the world of business and society has changed significantly since its adoption. States' commitment to implementing this convention has created a robust legal framework, fostering multi-sectoral cooperation. Today, rising ESG directives and expectations from consumers, investors, governments, and employees set new standards for corporate accountability, ethics, inclusivity, and transparency.

Tackling climate mis/disinformation: 'An urgent frontier for action'

Scientists agree that climate change is real and is caused by unsustainable human activity such as the burning of fossil fuels, yet certain actors continue to spread mis- and disinformation, creating harmful misperceptions that can stifle effective climate action.
